**Subject:** Transit Transformation Task Force (TTTF) Meeting 2 follow-up  
**Date:** Monday, March 11, 2024 11:25:23 AM

---

Good morning,

Thank you for your participation in the second Transit Transformation Task Force (TTTF) meeting last week in Sacramento. We look forward to seeing you next month in San Diego. Due to the APTA legislative conference, we will be moving the next TTTF meeting to the week of 4/15, date to be announced shortly. Your patience is greatly appreciated.

We are writing to request **written responses to the following questions by March 18**. Your answers will help guide our work as we prepare for subsequent meetings and the final report.

1. What are the challenges and constraints that need to be investigated and addressed in order to achieve 4-6x in ridership by 2045?
2. What other goals (besides ridership) do you view as critical outcomes for the work of the TTTF (e.g., equity, sustainability)?
3. Please review the following language from Senate Bill 125, detailing one of the analyses required in the final TTTF report: "State and local policies that impact service efficiency and transit ridership, including, but not limited to, transit prioritization on roads, land use, housing, and pricing policies."
  - a. Please send us any reports, data, studies, and/or surveys that you have on this topic that you would like to share with the TTTF
  - b. Please share any case studies or local examples where you would want to highlight that have done well at achieving this outcome

We will compile these answers and share with the entire TTTF ahead of Meeting #3.

Please do not hesitate to share any additional resources or feedback. Please send all written responses to [SB125Transit@calsta.ca.gov](mailto:SB125Transit@calsta.ca.gov).

Thank you,
